THE BRYAN WEEKLY EAGLE

VOLUME XXXIII. BRYAN, TEXAS, THURSDAY, JUNE 17, 1920 (MEMBER ASSOCIATED PRESS) NUMBER 35

McCREE CROSSING BRIDGE ACROSS THE NAVASOTA RIVER

Commissioners Court of Brazos County Opens the East and West Highway to McCree Crossing and Brazos and Grimes Will Pay One Half Each on the Bridge Across the Navasota River —Highway To Be Opened At Once to Grimes County Via Steep Hollow and Reliance.

The Brazos County Commissioners' Court at a session held Tuesday decided to open the road from Bryan to the McCree crossing via Reliance Steep Hollow and the other communities between here and the Navasota river. This is a portion of the East and West Highway from Bryan to Huntsville recently designated by the Texas Highway Commission at Austin during a trip there by Secretary S. E. Eberstadt, of the Bryan and Brazos County Chamber of Commerce. The court decided to pay one-half as guaranteed by the citizens of the river at McCree crossing and Grimes county is to pay the other half as guaranteen by the citizens of Bedias and Iola communities. The bridge is to cost about $1,300 and work will begin at once.

Those present at the conference at the courthouse in Bryan Tuesday morning were: County Judge J. T. Maloney, Commissioners C. A. Buchanan, John Sabo and Fletcher Poole, of the Court, D. L. Wilson, J. D. Martin and President E. J. Jenkins, of the Chamber of Commerce and Joe and Bolivar Lloyd of Reliance.

Petitions were presented from citizens along the proposed route donating the land for a right-of-way and was signed by every one interested except one.

It is the understanding that work will begin as soon as possible on the McCree crossing bridge and the road will be opened for travel. The only way to secure state and federal aid through the Texas Highway Commission at Austin is to build the road as designated to serve the greatest number of people. This new highway will pass through and develop a section heretofore overlooked and will be worth many times the money in enhancing the value of the adjoining lands for cultivation of crops and building of homes in Brazos county. No community or section can now prosper without means of transportation and the people of Brazos and Grimes counties are alive to this fact. The Eagle wishes to congratulate and endorse the action of every citizen who assisted in having this highway designated and opened for travel. It means much for the future prosperity of our great county.

PATRIOTIC CALL

The crisis of unrest stands gaunt and stripped before the American people. Of course the people are to blame. Their red-blood and iron will is going at a tangent.. As a nation following the war we are Money-Mad. We are demanding more wages and less production. This applies to all classes, rich and poor, white and black. We do not ask the question: "What Am I Expected To Do?" But we only ask: "What Will You Pay?" No class alone is guilty but all alike have drifted into the Realms of Unrest. Our railroads and great transportation systems have collapsed because of the inefficiency from top to bottom. Thousands of carloads of food stuffs are being lost and 5,000,000 able-bodied men in the United States are performing immaterial tasks or loafing. Europe is a seething cesspool of inefficiency and crime, war and bloodshed, without any purpose except to join in the hub-bub for more wages and less production. Men must have more money but they must produce more if civilization and the Republic lives and honest government is enduring.

Our political, labor, social, business and religious leaders have not met the issues confronting the Nation. Their work of reformation and rehabilitation is patchwork and passing. They have not the courage to denounce the waste, extravagance and profligacy now sweeping over the Nation and the World. There are not enough Homes and too many airships being built. We are becoming a cowardly, shiftless, homeless nation. Not enough men and women have the iron in their blood to make any sacrifices to build a Home or acquire property. Too much stress is placed upon what is called "opportunities." Each red-blooded American should make some "opportunities" for himself. It is as much one man's duty as the other to meet the Real Issues. The false theory is that the world owes every man a living without any effort or sacrifice on his part.

The Eagle is not complaining at the deplorable situation but it only wishes to point out a few things so that its duty will be performed. It is as much one man's duty to do things as it is the other and the man who asks: "Am I My Brother's Keeper?" is not meeting the real Duties.

The cities are overcrowded with loafers and non-essential workers. God's great open country is deserted for the Lure and Roar of the Street and we have forgotten the Dark Ages, the history of Sodom and Gomorrah, Babylon and Ninnevah. In a wonderful and masterful address in Washington at the door of the Nation's capitol Dr. George Truett, of Dallas, made a statement that should ring around the world. Dr. Truett said: "A Strutting Nation Will Perish." It has been so since Time began and will be until the e nding of Time.

A new and false doctrine is making its appearance in this day of unrest. It is the destruction of the home-ties with its sacredness and sacrifices. Are the mothers, fathers, ministers and leaders going to meet the new issues? Has their patriotic blood frozen in their Veins? Have they forgotten to tell their children: "Six days shalt thou labor?" Have they forgotten God's undying commandments on Mt. Sinai? It is as much the duty of one man as another to get busy and stay busy until real peace, harmony, prosperity and stability shall come again to our glorious land "as the waters cover the sea." Teachers and mothers must do their solemn duty now.

False theories and false gods have been given to the world through the unrest of the German War. These doctrines visionary and passing out they are doing a vast amount of harm and destruction. Promises are made that are impossible to be fulfilled and millions of men are being misled and many will be destroyed in the social, political and business maelstrom. False leaders have loomed up on the horizon and they must be destroyed by patriotic and self-sacrificing patriots in Peace the same as in War. The false leaders, theorists and propagandists are "the avauntour of Greed; the Atilla of Poverty and the Scourge of God."

Shall America build her homes of the shifting sands so that when the storms come they will fall and be destroyed or shall they like the wise man in Past build them upon the solid rock so that when the storms come they will stand and not be destroyed? That is the question in this crisis and all Americans should meet the issue. In ancient times the proudest boast men could make was "I am a Roman citizen" and the proudest boast men should make today is: "I am an American citizen." Then the victory will be won.

A MINNESOTA MOB LYNCHES THREE NEGROES

The Negroes Attacked a White Girl at Circus and They Were Taken From Duluth Police and Hanged—Just As They Are In the South.

(By Associated Press)

Duluth, Minn., June 16.—Virtually normal conditions prevail today in Duluth where a mob of five thousand persons last night swept the police from power, lynching three negroes, Jim Smith, John Jones and Bob White, from Mississippi, Arkansas and Texas, held in connection with an attack upon Mary Jones, a white girl at the circus grounds Monday. The negroes lynched were circus roustabouts and had gone north for "better jobs." Great excitement prevailed for hours.

PINK BOLL WORM AND EDUCATIONAL BILL PASSES LEGISLATURE

(By Associated Press)

Austin, Texas, June 16.—After the house refused to accede to the senate amendment appropriating $5,000,000 instead of $4,000,000 for the public schools the senate today voted to instruct its members of the conference committee to reduce the appropriation to $4,000,000 if necessary in order to pass the measure at this special session.

Agree to Worm Bill Changes.

The free conference committee has virtually agreed to all of the senate amendments to the pink bollworm bill providing for regulated zones, according to Senator George W. Dayton, except the question of where the venue shall lie for damage suits brought by farmers who are dissatisfied with the award made by an appraisal committee.

GENERAL WOOD SAYS HIS FRIENDS WERE NOT MOTLEY CREW

Chicago, June 16.—Major General Leonard Wood will issue an answer this afternoon to the statement of Dr. Nicholas Murray Butler that "a motley group of stock gamblers, mining promoters, munition makers and other similar persons" backed the General's campaign for the republican presidential nomination.

Friends of General Wood who visited army headquarters, where he is preparing the statement, predicted that it would be a "sizzler." They declared he was incensed against such a characterization of his campaign leaders, who included Theodore and Archie Roosevelt and Mrs. Douglas Robinson, Colonel Roosevelt's sister.

NEWTON-GRIFFITH

This morning at eleven o'clock at the home of the bride's parents, Mrs. R. Griffith, Miss Dell Griffith was given in marriage to L. P. Newton of Kansas City, Mo., Rev. J. M. Bullock, officiating. Immediately following the ceremony the happy couple left over the Missouri, Kansas and Texas train for Dallas, where they are to make their future home. Full details of the wedding will appear in the society columns of the Eagle, Friday.

Miss Constance Bradbury of Franklin is visiting her sister, Mrs. Hendricks Conway.

Miss Nelle Cole returned Monday from Waco, where she went to attend the Hudson-Cooper wedding.

J. C. Barton of Longview is in the city today a guest of Dr. and Mrs. J. N. Goodwin.

Miss Lottie Lauraine of Hempstead is visiting friends and relatives here.

Mr. Toma, cashier at the H. & T. C. freight office is visiting in East Texas for the week. He is being relieved by W. S. Wilson, former agent.

M. E. Wallace, S. C. Hoyle, Julius Barron and Frank Crismore have gone to New Mexico for a few days. The trip was made by automobile.

Prof. J. L. Cobb, of Tabor, was in town Wednesday and called on the Eagle.

Mr. and Mrs. Forest Jones returned today by automobile from Mineral Wells, where they had been for a short stay.

Mrs. B. Fiske Wright and little daughter Sue, of Waco, who have been visiting her sister, Mrs. E. H. Astin are now located for a month at Hotel Bryan.

Claude Lee, son of Mrs. Gracie Lee had the misfortune to fall from a tree at his home, Tuesday afternoon and fracture a bone in his arm. A physician was summoned, the arm set and the little fellow is doing as well as could be expected under the circumstances.

Roger Q. Astin was in town Wednesday and declared no rain was needed in the Bottom for cotton and that every effort was being made to get the crop out of the weeds and grass.

Roy Hudspeth, County Tax Collector, left yesterday for San Antonio on business.

Miss Mary Neeley of Houston is here on a visit to her aunt, Mrs. E. H. Crenshaw.

DEMOCRATS URGED TO LINE UP

(By Associated Press.)

Washington, June 16.—Prohibition advocates will ask the Democratic National Convention to adopt a plank declaring for rigid enforcement of the Eighteenth Amendment and the enforcement act delegates will "present a solid front against Governor Cox, of Ohio." Wayne B. Wheeler, the general counsel of the anti saloon league declared today in a formal statement.

HAM LEWIS MAY NOMINATE WILSON FOR A THIRD TERM

(By Associated Press)

Waco, Texas, June 16.—Senator J. Hamilton Lewis of Illinois, who is here to attend the Baylor University jubilee, says the Democratic convention at San Francisco may nominate Woodrow Wilson for president to meet the demands of the hour. He was asked if he thought there was a probability of the president being nominated and replied: "If the present international complications brought on by the republican action on the peace treaty shall be increased by repeated outbreaks on the world's peace the people may call for Wilson to continue to lead his policies before the world and renominate him for president."

Senator Lewis was the administration whip in the senate and legislative leader in the confidence of the president.

GAY NIGHT LIFE IN HEAVENLY HOUSTON

Houston, Tex., June 16.—Lucille Ricker, pretty, 20 years old, and G. H. Rylee, under indictment on a charge of robbery by firearms, were arrested Tuesday by city detectives in connection with the robbery two nights ago of C. C. Roach, railway fireman, at the Windham Hotel.

A charge of felony theft was filed against the girl in Justice Leon Lusk's court, while Rylee is being held on two charges of carrying firearms. The woman is charged with robbing Roach of $60, a watch and other valuables while in a room at the hotel.

CITY MGR. M'ADAMS ASSUMES HIS OFFICE

City Manager E. E. McAdams assumed the duties as City Manager of Bryan Tuesday, June 15 in accordance with his recent appointment by the City Commission composed of Mayor Jno. M. Lawrence, Commissioners L. L. McInnis, Wilson Bradley, Tyler Haswell and H. A. Burger some weeks ago.

City Manager McAdams succeeds Acting Manager Burger who only agreed to serve after the resignation of City Manager J. W. Greer who went to Talahassee, Florida, until a permanent manager could be secured. The Eagle believes our Commissioners have made no mistake and congratulates all parties concerned. Manager McAdams brings to the office the experience and efficiency needed and will succeed in the work.

TEX. CAMPAIGN MAY SIZZLE RED-HOT

(Special to the Eagle)

Dallas, Texas, June 21.—It is given out at headquarters that Former Senator Joe W. Bailey will leave Washington on June 21 and make his opening speech in Texas about the 26th. After that time the gubernatorial campaign in Texas will be grand, gloomy and peculiar. In the contest Thomason, Neff, and Looney are already speaking daily and will until the primaries on July 24th. If anybody in Texas thinks there will not be a red hot campaign for governor they are mistaken. Since the lie was paseed at Fort Worth Monday and a ner-fight between John J. Simmons, of Dallas, and H. S. Moran, of Weatherford, things are already taking on new life.

THE MILLION DOLLAR WELL IN THE BOTTOM

Visitors who have been over in the Bottom to see the drilling operations by the Warren Oil Company on Mooring well No. 1 are enthusiastic over the striking of the immense water vein at a depth of about 880 feet. The water surged clear and cool over the top of the 12-inch casing. One of the visitors said to the Eagle: "It looks like a 20,000,000 gallon well of the finest water on earth and if it was at Bryan would be worth a million dollars to the people who need clear, pure water."

REPUBLICAN TREACHERY FOR HIRAM JOHNSON

Frank Harrison, Manager For Senator Johnson, Denounces the Chicago Convention of Republicans As Accursed System.

(By Associated Press.)

Lincoln, Nebraska, June 16.—Frank A. Harrison, manager of Hiram Johnson, of Nebraska, in the presidential primary, issued a statement today charging that "treachery and desertion of delegates from the instructed states broke the heart of the Johnson movement at Chicago. Just two men on the Nebraska delegation at all times tried to obey the instructions of Nebraska when the roll was called. If Hiram W. Johnson and the men and women of Nebraska who voted for him ever forget or forgive the performance of the Nebraska delegation at Chicago, it will be after the accursed convention system is wiped out and forgotten."

DEMOCRATIC BATTLE NOW IN FRISCO

(By Associated Press)

San Francisco, Calif., June 16.—Headquarters for several aspirants to the Democratic nomination for president at the national convention June 28 were opened here today. Those for whom offices were opened were United States Senator Robert L. Owens of Oklahoma and Attorney General A. Mitchell Palmer. The headquarters of Governor James M. Cox of Ohio, will be opened tomorrow with the expected arrival of E. M. Moore, national committeeman of Ohio, who has charge of the governor's pre-convention campaign. Bainbridge Colby, secretary of state, recently chosen a delegate from the District of Columbia, is being mentioned by leaders here for the permanent chairmanship of the convention.

United States Senator Carter Glass of Virginia is being discussed for chairman of the committee on resolutions. Tentative plans call for the opening of the convention by J. Bruce Kremer, vice president of the national committee, who will introduce Homer S. Cumings, chairman of the committee, as temporary chairman of the convention, who will make the keynote speech.

E. G. Hoffman, secretary of the national committee, arrived today. Wilbur H. Marsh, treasurer of the national committee, will arrive tonight.

DEMOCRATIC BATTLE NOW ON IN FRISCO

(By Associated Press)

San Francisco, June 16.—According to prearranged plans for the National Democratic Convention, J. Bruce Kremer, vice chairman from Montana, will call the convention to order at noon, June 28. He will introduce National Chairman Homer S. Cummings as the "Keynoter" of the convention.

Then comes the selection of a permanent chairman. Although the personage slated for this job has been carefully kept under cover, it was reliably reported today that Bainbridge Colby, Secretary of State, and expected to represent President Wilson at the convention, will take up the gavel as permanent chairman. No confirmation of this could be secured at national headquarters here, although it was admitted that was "the talk."

According to the same report, Carter Glass, former Secretary of the Treasury, popularly believed one of the President's spokesmen, will head the all-important resolution committee. Glass had been spoken of as permanent chairman, but on account of his familiarity with the Virginia platform, along which lines administration forces will endeavor to have the national platform built, the switch was made.

It is on the chairmanship of this committee, it is believed, the first test between the Bryan and Wilson forces will come. Bryan is expected to make a fight for the chairmanship of the resolutions committee, and if unsuccessful, will at least be a member of that committee and take a prominent part in shaping its decisions.

REPAIR COLLEGE-BRYAN ROAD

Sometime ago the Eagle suggested that it was about time the contracting company should repair the College-Bryan road as provided for by the contract The road is deteriorating very rapidly, especially near the entrance to the Country Club and also a short distance toward the college It would be a wise idea for the company to investigate this matter soon or the drainage to the road will be very heavy. The breaks in the road now are very damaging to vehicles and automobiles and interferes greatly with the pleasure of driving.

Dr. and Mrs. H. W. Cummings of Hearne and Mr. Hugh Paschal were here Tuesday to visit Dr. and Mrs. J. W. Black. Dr. and Mrs. Black and children Mary, Martha and J. W. Jr., accompanied them on their return to Hearne in the afternoon for a spend-the-evening party and will return today.

FEDERATION MINERS WANT CHARGE OF ALL THE U. S. RAILROADS

Resolution Committee at Montreal Opposes Taking Over Railroads and the Mine Workers Division Wants the Roads—Will Take a Shot at High Cost of Living—Oppose Outlaw Railroad Strikes As Carried On At Chicago.

(By Associated Press)

Montreal, Canada, June 16.—Profiteering, the League of Nations, NonPartisan politics and Industrial Courts were given the right of way in American Federation Labor convention today presided over by Samuel Gompers.

Emphatic action against high living cost is promised before the day is ended. It is learned today that the Plumb plan of nationalization of railroads has been rejected by the resolution committees. The railroad unions combined in an effort to over ride the committee report. The workers president announces the support of the Plumb plan with the largest vote in convention. The Plumb plan supporters say they will carry, the convention by instructed and affiliated organizations to "refrain from giving moral, financial support or assistance of any kind to any secessionist movement," any organization violating instructions is threatened to have its charter revoked. Resolution declared quote the "secessionist movement was encouraged by the Illinois manufacturers' association and other unfriendly employers of labor for the purpose of discrediting the recognized organizations in the railway service.

REMOVAL OF MEDICAL COLLEGE

(By Associated Press)

Austin, Tex., June 16.—The senate today adopted the Tillotson resolution providing for the appointment of a committee to report by January 1st upon the advisability of removing the Medical Department of the Texas University from Galveston. A resolution providing investigation of the cement manufacturing industry in Texas was adopted. The House passed its own bill proposing to increase the salaries of county school superintendents from $1,000 to $1,600 and up to $2,800 per annum.

MUST BACK FARMERS CUT OUT NON-ESSENTIALS SAY BANKERS

(Special to the Eagle)

Dallas, Tex., June 16.—The Texas Chamber of Commerce is planning to mobilize public sentiment for a better system o ffarm credit in Texas and has announced the following rural credit committee, which will formulate policies along this line: J. D. Stephenson, farmer, Dallas; S. A. Lindsley, Federal Land Band, Houston; Joe Hirsch, chairman agricultural commission of American Bankers Association, Corpus Christi; Clarence Ousley, Fort Worth; W. M. Splawn, professor of economics of University of Texas, Austin; F. M. Law, Texas Bankers Association, Houston; B. F. Brown, A. & M. College, College Station.

Decreased man power on the farms must be supplanted with horse and motor power and with improved labor-saving implements and devices, according to the policy of the Texas Chamber of Commerce. The purchase of these implements will mean credit for a longer period than one year and to this end a special effort will be made to interest bankers and other business men in providing this credit and also to the working out of a permanent system of 'middle-term' credit based on personal security.

MRS. CARUSO LOSES $450,000 DIAMONDS

(By Associated Press)

New York, June 16.—Jewels valued at $450,000 were several days ago stolen from the summer home at East Hampton, L. I., of Mr. and Mrs. Enrico Caruso. One piece alone—a pearl necklace, a bridal gift to Mrs. Caruso from her husband, is valued at between $75,000 and $100,000. Mrs. Caruso was Dorothy Park Benjamin of New York, before her marriage to the tenor in 1918. The couple have one child. Caruso is in Havana, Cuba, filling an operatic engagement which will take him to South America. The burglary is the largest ever reported in New York.

LABOR LEADERS WANT TO IMPEACH GOV. HOBBY

(By Associated Press)

Houston, June 16.—Impartial investigation of the strike and martial law situation at Galveston by a committee from the Legislature, not by a military court or a special representative of Governor Hobby is desired by the Houston Labor Council today by vote. Should such an investigation show that troops were called to Galveston to assist one faction against another faction organized labor will ask for impeachment proceedings against Governor Hobby declared W. E. Carroll, Secretary of the Labor Council of Houston.

Gen. Wolters Wants Troops To Remain.

(By Associated Press)

Galveston, Texas, June 16. Citizens here today awaited with interest the investigation by Ralph Soape, secretary to Governor Hobby. Chief concern is felt over what action the secretary would recommend, and the probable effect of his recommendations upon the duration of martial law.

Brigadier General Wolters does not favor either reducing the number of men here nor withdrawing them at present. Freight is flowing through Galveston to Texas merchants at an accelerating pace and neither the commercial nor civic life of the city has been interfered with in the slighest.

These facts together with the very strong probability of recurring violence should martial law be lifted and the troops withdrawn, it is believed will weigh heavily in favor of continuing the status quo.

ELECTING LEGISLATORS.

(Waco News-Tribune)

There isn't a more important task confronting the Texas voter this year than that of choosing the men to represent him in the house of representatives and in the senate of the Texas legislature. Men must be chosen for these positions and if the voters of the state give the usual thought to these offices the next legislature will be the usual kind of a Texas legislature. That is what ought to be guarded against.

As a rule, it is hard to interest the ordinary voter in the race for either legislative office. That's one office that the average voter isn't interested in—that of the man who makes his laws. He votes at random on this office, or takes the advice of some friend without troubling to investigate.

The result is that Texas usually has a legislature made up of the men who know how to get the support of a few political bosses in this state. These men are not chosen for their ability but because of their friendship to these political bosses.

There are many voters who vote for sheriff or constable according to their knowledge of the candidates for these offices. These same voters won't pay any attention at all to the qualifications of the candidates for the legislature or for the state senate and that's one thing that's wrong with Texas today. It's something we should be ashamed of and should get over. We can get over it, very easily, too, and this year. The way to do it is to devote a little time to the study of the legislative candidate. Find out what kind of men they are. And then vote for the best men, whether you know them or not, and even if they haven't slapped you on the back.

TO NEWSPAPER CORRESPONDENTS

In this stress involving the efficiency of the newspaper business the Eagle would again urge upon all correspondents to observe the following rules: (1) Brevity, (2) Accuracy, (3)Names, (4) Write plainly. An article without these four requirements is 300 per cent higher than it was 3 300 per cent higher than it was three years ago and there is no alternative. By all means write plainly, be accurate, brief and use names. They take the place of words.

PAYING WAGES DAILY

During the recent strike the Mallory Steamship Line advertised for 500 men to load and unload the steamships at big wages and many came from the farms in the up-state while thousands loafed in Galveston. One of the remarkable features of the advertisement was that the men would be paid every night. An every day pay-roll is as demoralizing as the tipping system. When men draw their salaries every day they generally waste the money and buy but little substantial articles. This is one of the things that is creating the unrest in the world—the rapid spending of every dollar made and no substantial investments or sacrifices.

Poor old Galveston. Before she gets much sympathy from the people of Texas she must elect another set of public officials. We are losing interest in her as a seaport for the Southwest.

The Waco News-Tribune says: "Dallas and Mexico are keeping in the background. Perhaps the lady murderers and the assasins are waiting until the conventions are over." In Heavenly Houston they divorce them. That is more continuous punishment.

Editor George Bailey, of the Houston Post, as expressed by Vice president Marshall several years ago at a White House reception is a great admirer of "corn beef and cabbage," but prefers the lure of the bright lights and roar of the street to a visit in God's great, open country.

If the nespapers of Texas had the courage to publicly inform the newsprint dealers that they did not care to be visited by alleged newspaper drummers it would help in this crisis. The newsprint drummer is non-essential to business. He ought to go to the scrap pile as a relic of barbarism.

When Abraham Lincoln was nominated president in Chicago sixty years ago, four men occupied a room and paid $8.00 for it. The same room was occupied by their grandsons, who were attending the convention Tuesday in Chicago and they paid $180 for it. The boys would hardly trade places with their grandfathers.

An Exchange says: "Delegates to the Chicago convention have been able to get all the drinks they wanted if they had the money—and what republican delegate hasn't plenty of money?—but William Jenny Bryan will be much in evidence at the San Francisco convention." Some of Mr. Bryan's enemies wanted him to "stroke" Lodge at Chicago instead of "stroking" his own chin. This was when Lodge was flaying the "Wilson dynasty" and declaring that it should perish. Bryan was only an ex-member of the "alleged dynasty" and considered that he could only "stroke" his own chin as the game went on.

THE HOLY ROLLERS

Recently at Sulphur Springs an alleged religious sect under the direction of an Oklahoma negro preacher opened up headquarters under the name of Holy Rollers. The meeting began late at night and lasted until early morning. Men and women were unfit for duties the next day. The preacher even advocated that all laborers strike and refuse to work even though they did not have a dollar to support themselves. The preacher advocated even worse doctrine than this. One night the sheriff, county attorney and the foreman of the grand jury waited on the disturber o fthe peace. The next day he departed from Sulphur Springs for Oklahoma and people went to work as they should do. The Eagle trusts no such things will come to Bryan or Brazos county in this stress and strain of business—when every real able-bodied man, black or white, rich or poor, ought to do his whole duty. It must be done so that the miserable disease of unrestia will be blotted out.

"CIVILIZATION BEGINS AND ENDS WITH THE PLOW"

(Waco News-Tribune)

The text:—Let us never forget that the cultivation of the earth is the most important labor of man.—Daniel Webster.

In the early days of the colonies when food got scarce there was an edict issued: Work or starve. With the increasing scarcity of farm labor it looks like the pronouncement will go out: Plant or perish. T. O. Walton of the department of extension of A. & M. College, who has had an opportunity to realize just how much farm land is lying idle because of labor scarcity, takes occasion to express special concern.

A hungry man with a hungry or starving family is in no position to be reasoned with. Much valuable space has been used in the leading publications of the United States in an endeavor to locate the responsibility for the reduced acreage, the abandoned farms, the congested cities, the inadequate farm wages, low prices for food products, the high prices demanded by labor, etc., but no amount of reasoning at this time will increase the present acreage or change the existing conditions. We must do more than argue, talk, sympathize, blame censure, condemn or condone. It is time to act!

From all over the nation we hear the cry of the agricultural press and representatives of agricultural agencies, that the acreage in food crops has been greatly reduced because of unavailable labor, while the oft repeated prediction of unusual food shortage the coming year from the north, east, south and west are warnings that somebody may go hungry the coming year unless a prophet arises who can feed the multitude from a few small loaves and fishes or the business interests take up the question and send their surplus laborers or laborers engaged in non-essentials to help the farmers cultivate and harvest the present reduced acreage.

The talk of the farmers "striking" is ridiculous. Conditions have compelled them to reduce their acreage and unless relief is found the reduced acreage may fail to bring forth adequate production and the harvest may not be reaped in its entirety.

What is the answer? Individual sacrifice and the curtailment of non-essential service. Send chauffeurs, soda jerkers, footmen, delivery-wagon drivers, yard men, etc., out on the fields to perform useful labor in production of the essentials. Pick up the idlers from the picture shows, theatres, baseball fields, ball rooms, etc., and put them to work or fine them for vagrancy. This is no time for pink tea tactics or drawing room policies. Heroic methods are necessary and war time practices may have to be reverted to, in order to guarantee the greatest possible harvest under existing conditions.

It is idle waste of time and energy to sling mud, crying over spilled milk or theorizing about the causes or shortage in farm labor and the rapid growth of the cities. The world may grow hungry where the millions of self-appointed physicians quarrel over the cause of the disease and squabble over the remedy. Let everyone get busy and say, 'Here I am, Lord. Send me," and if you cannot go into the field you can release the servants, the chauffeur, the yard man, and the gardener, enter the kitchen and garage and ward and garden and do a little healthful work yourself for a change.

Suppose you do miss a few ice creams, picture shows, theatres, dances and canot have tailors to make the latest suits, or milliners to trim you the latest hats? It will be much better to do without these than to have the children eventually do without biscuits, eggs, and meat and suffer for lack of food.

You judge an architect by his works, a woman by her clothes, a magazine by its ads, a housekeeper by her backyard, hotels by their bathrooms, a donkey by his ears and o college student by his activities.—Exchange.

The country was saved several thousand times at Chicago. On to Frisco!

The crowning fortune of a man is to be borne to some pursuit which finds him in employment and happiness, whether it be to make baskets, or broadswords, or canals, or statues, or songs.—Emerson.

The country must wade through the nominating speeches at Chicago today. The Eagle would admonish patience brethren, until nightfall. Then the Chicago delegates will wet their whistles on Chicago atmosphere and forget the dry and meaningless speeches—in Chicago.

The Waco News-Tribune says: "Hoyle lived before our time. That was Hoyle's misfortune. "A crooked baseball game was never anticipated by Hoyle. He pointed out why all games should be played fair and according to rules. Hoyle was a great man—even if he gave the world a frivolous game." The N.-T. concludes: "The national pastime needs a renovation. The game, take it day in and day out, is straight. But it must be made so straight that, like Caesar's wife, it will be above suspicion."

PLEASANT MEMORIES

In speaking of the Texas Press Association now meting in Houston the Post says: "The visiting editors will be the guests of Senator Lynch Davidson today on a trip down the channel. They will find the channel a real waterway, and they will find Senator Davidson a real host. If the editors permit business to interfere with pleasure today they are going to miss something." Personally the editor of the Eagle Regretted to read the events of Houston. He had a longing to be there in person as well as in spirit to mingle with the representation of the profession he loves so well as in days of yore. But the strenuous duties before us prevented. And Senator Lynch Davidson: He is the salt o fthe earth. He may be small in statue but he is big in brain, mind and heart. In ancient days a small statue man climbed up in tree tops to see. He was blessed more than any man in his generation. If Senator Davidson is elected lieutenant governor of Texas the commonwealth will be safe. We could not be in Houston but we can imagine the glorious trip down to San Jacinto battlefield where Texas was immortalized and glorified through all the coming ages.

DISTRICT CLERK BARRON ANNOUNCES FOR RE-ELECTION

District Clerk J. W. Barron authorizes the Eagle to say that he is a candidate for re-election to the office of district clerk of Brazos county in the Saturday, July 24 democratic primaries, and as his record is endorsed by the people he will have no opponent. Mr. Barron has made a splendid record and has in all things met the Jeffersonian test: "Honest, faithful, competent and a democrat." He will be glad to have the support of everybody in the primaries.

TAX COLLECTOR HUDSPETH HAS NO OPPOSITION

The Eagle is requested to announce that County and State Tax Collector Roy Hudspeth is a candidate for re-election in the July democratic primaries. Collector Hudspeth has served the people of Brazos county faithfully and impartially hence he will have no opposition. At the same time he desires all his friends to know that their support will be appreciated on Saturday, July 24.

W. J. COULTER IS ON RETURN TRIP HOME

A cablegram was received last night by J. Tom Smith from the American Consul at Shanghai, China, in answer to a message sent him some weeks ago in an effort to reach Mr. Coulter. The cable said Mr. Coulter had reached Shanghai, the message had been delivered and that he would start for home at once.

W. G. McADOO WILL BE HARDING OPPONENT

(By Associated Press)

New York, June 24.—William G. McAdoo will be the opponent of Warren G. Harding for the presidency of the United States if the democratic convention follows the wishes of a large plurality of voters who have expressed themselves in the Literary Digest's nationwide poll.

In the current issue of the Digest McAdoo has 102,719 first choice votes against 67,588 for his nearest opponent, President Wilson, and 61,393 for Governor Edward I. Edwards. Bryan with 46,448 and Governor Cox with 32,343 bring up the rear

PROSPECT NEWS ITEMS

Prospect, June 15.—Well again we will try to write the news of our little commuinty. The health at present is good.

The crops are needing rain pretty bad. Most of the people are catching up with their work.

Mr. Ben Bonds and daughters, Misses Sadie, Jessie and Eulelah spent Sunday at Steep Hollow. Also Mr. and Mrs. W. H. Bullock and children spent the day at Mrs. Molly Jones' at Steep Hollow.

Mr. and Mrs. A. B. Richie and family were welcome at Mr. Marshall Jones' Sunday.

Mr. and Mrs. Robert Massey were welcome visitors at Mr. M. T. Jones' Sunday.

Miss Eva Massey was a welcome guest to Miss Velma Jones Saturday night and Sunday and returned to her home at Leonard community Monday.

Mr .and Mrs. Will George and family spent Sunday with Mr. and Mrs. Gus Whited and stayed over for prayer service Sunday night.

WIGLEY-TUCKER

On Sunday, at high noon in Shreveport, La., Miss Ethel Wigley and Mr. Willie Tucker were united in marriage at the home of the bride's parents. Mr. and Mrs. Tucker left immediatel yfor a visit to Dallas and Mineral Wells. On their return to Shreveport they will come by the way of Bryan for a visit to Mrs. G. D. Tucker, mother o fthe groom and Mrs. Will S. Collard, his aunt. Mr. Tucker is a Bryan boy and has many friends, who wish for him success and happiness.

Miss Lucile Koch of El Campo, who has been here on a visit to Miss Mary Frances Hall has returned home.

R. M. Gordon, Jr., of Houston is here for a visit to his grand parents, Mr. and Mrs. W. E. Saunders.

TEXAS PEOPLE ARE DESERTING THE FARMS

(By Associated Press)

Galveston, Tex., June 11.—The problem of keeping up farm production under the handicaps imposed by the continual flow of people into cities was discussed yesterday at the closing session of the Texas Cotton Seed Crushers' convention by Walton Peteet of Dallas, manager of the agricultural department of the Texas Chamber of Commerce.

Mr. Peteet advised the elimination of waste and the substitution of machine horsepower for constantly dwindling manpower as the two most feasible means at this time toward maintaining production from the soil near its normal size. Steps should be taken by the farmers without delay, he thought, for there are no indications that the tide of persons sweeping into the cities will turn back to rural life.

In the absence of W. D. Hunter of Houston Mr. Peteet discussed the pink boll worm, which had been assigned as the subject of Dr. Hunter's address. Mr. Peteet suggested that the association join other organizations of this state in appointing a central committee to foster favorable legislation for the cotton industry. In his discussion of the general agricultural situation he urged the association to combat the waste in picking and ginning cotton, which was considerable.

Mexicans Going to Farms

San Antonio, Tex., June 11.—Five thousand Mexican unskilled laborers have gone from San Antonio to the North and East within the last thirty days in special trains, according to estimates of labor bureau and railroad officials of San Antonio. It as estimated that since the first of the year 50,000 laborers have been sent out from cities along the Mexican border to supply the demand for unskilled labor.

A BIG WATER FLOW IS STRUCK IN MOORING WELL NO. 1 SATURDAY

At a depth of 883 feet in Mooring well No. 1 in the Brazos Bottom west of Bryan Saturday a 100-foot stream of water was struck by the expert oil drillers of Warren Oil Company. The water surged over the top of the 12-inch casing and is the purest water ever brought in in Brazos county. The flow is millions of gallons daily and if this well was at Bryan would be worth $1,000,000. It will be cored off and the great drill will go again in search of oil which the Warren Oil Company experts believe is down under the rock, shale and sands. The big drill is running day and night now and being a standard and one of the best in the United States will make rapid progress as soon as the water flow is cased off.

Mrs. T. J. Lloyd of Nacogdoches, who has ben here on a visit to her daughter Mrs. E. G. Jenkins returned home on Monday.

ANNUAL REUNION OF HOOD'S BRIGADE TO BE HELD IN BRYAN

(By Miss Katie Daffan, Secretary of Hood's Texas Brigade).

Bryan, Texas, June 11.—The forty-eighth annual reunion of Hood's Texas brigade will be held in Bryan, June 29 and 30. The chamber of commerce of Bryan, through their secretary, S. E. Eberstadt, the citizens, the United Confederate Veterans and the Daughters of the Confederacy are uniting in their efforts to arrange comfortable and attractive entertainment for their distinguished guests.

One year ago our brigade assembled for annual meeting in the city of Bryan, and the high-hearted hospitality extended by Bryan's noble-hearted Southern citizens will ever be lovingly remembered by each dear Confederate soldier present.

Since Bryan is a location easy of access and reduced railroad rates have been applied for, it is expected that a large number of the members of the brigade, their sons and their daughters, will be present.

Address by Soldiers.

The program will include an address from Captain Frank B. Chilton of Houston and other distinguished Confederate soldiers.

At this reunion the honored and beloved Confederate soldiers will be placed first; they will be given the places of distinction on the program and their comfort and well-being will, in every way, be remembered.

I will appreciate our members advising me of any members of our brigade who have passed away during the year 1919-1920, that we may include their names in our memorial report and honor them at our memorial service.

I urge every son and every daughter of Hood's Texas brigade to attend this reunion at Bryan. We are reminded, as our fathers and their beloved comrades pass away one by one, that the responsibility of keeping alive their deeds of matchless courage rests upon us. Let us therefore by our presence express our appreciation of our dear ones who are spared and thus honor the memory of those who have departed. Trusting that health and happiness prevail in the homes of each of our members and with my heart's desire to honor and serve my father's brigade.

A SOUTHERN HERO PASSES 'OVER RIVER'

(By Associated Press)

New York, June 14.—Reverend W. W. Page, the last living member of the staff of General Robert E. Lee, of the Southern Confederacy, died here last night. He was eighty years old.

MRS SARAH MATHIS

Mrs. Sarah Mathis, beloved wife of Capt. J. E. Mathis o fReliance, died Sunday morning after a short illness. She was one of the old residents of the county and one of our most estimable ladies. The funeral was held this morning at 11 o'clock at old Tryon church. A more extended notice will appear later.

BAILEY LEADERS ARE LINED-UP FOR FIGHT

(By Associated Press)

Dallas, Texas, June 14.—A conference of Bailey leaders will be held in Dallas as soon as J. W. Bailey arrives here from Washington, according to an announcement made by Luther Nichols, his campaign manager.

A telegram from the former senator stating that he would leave Washington June 21 was received.

Bailey leaders declare that a 30-day campaign will be all that is needed to lay the issues involved before the voters of Texas. They say that little interest is being shown in the governor's race and declare Bailey will liven it up.

FOR COUNTY COMMISSIONER

The Eagle is authorized to announce C. M. Degeglia as a candidate for County Commissioner from Precinct No. 3, Brazos county, subject to the action of the July democratic primary.

Mr. Degeglia is a prominent Italian citizen of the Steeles Store community and is well known to a majority of the voters of his precinct. He has been a citizen of Brazos county for twenty-three years and is now serving his second term as Justice of the Peace of the Brazos bottom precinct. He believes in a progressive form of county government, better roads, better bridges, better schools and other things that make for the betterment of the people, but at the same time believes in conservatism and is against wastefulness in every form. He is in favor of every improvement that can be had and that is justified by the condition of the county finances.

If elected he proposes to give the duties of the office his close, persanal attention and give the people the very best service he is capable of rendering.

The Eagle places his name and claims before the people of Precinct No. 3 for their consideration.

CORN IS NEEDING RAIN

Mr. I. M. Cook, of Steep Hollow, was here Monday and called on the Eagle. Mr. Cook says his corn is now in full silk and tassel and is in need of rain and must have it this week. Mr. Cook as have other farmers of Brazos county, has put a great deal of money and labor in his corn and if he loses it it will be a heavy loss.

. Misses Kittie Stuart and Addie Walthal motored to Hearne Sunday.

PRICE-FREEMAN WEDDING

Thursday afternoon the marriage of Miss Mary Freman and Dr. E. W. Price was solemnized at the First Christian Church at Chattanoogo, Tenn. The wedding was a quiet one with only a few friends present. The church was beautifully decorated with roses and the bride wore a traveling suit of blue serge. The brides-maid was Miss Rachael McAllister of Chattanooga and the best man was Mr. Hugh M. Milton of the Department of Mechanical Engineering of the A. & M. College.

Dr. Price is on the teaching force of the Veterinary Department of College and is well known on the campus and in Bryan. After the wedding the bride and Groom spent a day at the home of the best man, Hugh M. Milton in Lexington, Ky. Then leaving on a trip to Washington and Philadelphia.

Miss Laura Mims, of Steep Hollow, is visiting her brother J. L. Mims in Austin.

Born—To Mr. and Mrs. Hal Saunders, Saturday, June 12th, a baby girl.

Edwin Ford left Tuesday for a visit in Willis.

ROY HUDSPETH,
Tax Collector, Brazos Cty., Texas.

FARMERS TO STRIKE

A meeting of Oklahoma farmers decided that unless they could get their wheat, cotton and corn shipped; could purchase lumber and clothing at a fair price and get labor done on the farm they will "go on a strike" and just raise wheat they could cultivate, market and consume. The mad rush to the cities and the many strikes have made things hard for the farmers. The Eagle hopes that the great body of citizenship will not strike. There is not enough production now to keep the world going and there are too many loafers in the cities and too much money is going into non-essentials, but if the farmers strike the world will surely starve or freeze. There is not at present enough work and production to rehabilitate the country after the war but a farmers strike would destroy our towns and cities. It is nearly time for the farmers to get a square deal from the striker, profiteer and the loafer—or he may strike in self defense. Then the nation and the world will wake up—let us pray they will do so before it is too late. Go to work loafers, fairly, honestly and squarely and all will be well.

TABOR WELFARE CLUB TO HAVE A FAIR AND MONEY IS SUBSCRIBED

Tabor, Tex., June 12.—At a meeting of the Tabor Welfare Club of Brazos county held Friday night President Walter Armstrong presiding and Miss Mary Locke, secretary, it was unanimously decided to have another community fair during the late summer or early fall. The dates will be fixed later. About $75 was raised in a few minutes to assert in paying the preliminary expenses.

The meeting was opened by community singing led by Mr. Roland Crenshaw and music on piano by Miss Gladys Broach of Bryan. There was a crowded house.

President Armstrong called on Mr. J. L. Cobb to make the opening address and the plans of the second fair were outlined. Secretary S. E. Eberstadt of the Bryan and Brazos County Chamber of Commerce was called and gave his views on the fair and pledged his support. Secretary Ebenstadt has many friends in Tabor and his remarks were greeted by applause. Messrs. Cobb, Eberstadt and Armstrong assumed that the fair would be a complete success. The Tabor Welfare Club is one of the best community organizations in Texas and has been endorsed everywhere.

Secretary Ebenstadt introduced the speaker of the evening Editor Lee J. Rountree, of the Bryan Eagle, who spoke at some length.

Miss Mary Locke invited all to be present on the evening of June 25th to hear Dr. Hendricks speak on the subject of Community Welfare, and as Dr. Hendricks is an able speaker all should not fail to go to hear him.

After a general discussion and by a unanimous vote it was decided to hold the annual community fair and the following committees were elected Walter Armstrong, president and general manager; Miss Mary Locke, secretary; J. L. Cobb, chairman finance committee; Walter Armstrong, director of the general farm exhibit; Willie Edge, horse and mule department. Bond Francis, cow department; Joe Locke, hog department; Mrs. R. F. Crenshaw, poultry department; Fred Arlock, corn; John A. McCalum, corn; Mrs. J. L. Cobb, culinary; Mrs. J. S. Wilson, canning; Miss Mary Benbow, needle work; Miss Minnie Locke, floral department.

GRIMES CO. MURDER CASE IN HOUSTON

(By Associated Press)

Houston, Texas, June 15.—A jury was being impaneled this morning from a special venire of 150 men for th etrial of Onie White, who with his brother Horace, is charged with the murder of Dr. B. Harrison, which occurred January 1, 1918, near the White farm in Grimes county. A severance was granted the defendants. More than a score of witnesses are here for the trial.

JNO. G. FLOWERS IS WITH THE DAILY EAGLE

John G. Flowers, formerly manager of the Sulphur Springs Daily News-Telegram arrived in Bryan Saturday to take charge of the job department of the Bryan Daily and Weekly Eagle. Mr. Flowers i sa first class and successful newspaper man and the Eagle now has its job department in efficient hands. The Eagle expects to rank as a successful newspaper if it receives the necessary patronage from the business interests of Bryan and Brazos county. We want your business and will take care of it in a satisfactory manner. The management of the Eagle will appreciate any favors shown Mr. Flowers.

ANNONYMOUS COMMUNICATION

The Eagle recently received anonymous communications signed "Citizen of Bryan" and "A Federal Student" for publication. These can not be published without the name of the writer—not for publication but only as evidence of good faith. A newspaper is responsible for publications and must know the names of those who contribute to its columns before this is done.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep *your* system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

DR. HELD PREACHES A PATRIOTIC SERMON AT THE BAPTIST CHURCH

Dr. John A. Held, pastor of the First Baptist church, in his sermon Sunday morning dealt directly with the conditions and problems that confront the people of the world today. In speaking of the American nation, Dr. Held said in part:

"Is our's a rising or setting sun? Are we entering, through this great national convulsion a new day or the dismal night of gloom and doom?

"There is no doubt that we are face to face with dangerous times. The world-war has unsettled everything political, morally, and spiritually. We are passing through the crucible. Greece and Rome fell through corrupting influences of gold and pleasure. We are as a nation mad for money and pleasure. Exhorbitant prices, profiteering without batting an eye by some of our best business men, and in shameful disregard of the holiest principles, we are rushing apparently to our doom. We are witnessing the shameful spectacle of men in high places conspiring with others, spending millions to buy the highest office in the gift of the people.

"I recall a scene given in history. It is the room where the declaration of Independence was drafted and written. The task was finished and the company of the heroic men who labored to produce that immortal document, were worn and tired. Washington sat in a chair the back of which had emblazoned a sun that was near the horizon, Franklin, who through the silence that reigned in the room watched that sun, broke the silence by saying: "Gentlemen, through the days that we have labored here, I have often gazed upon that emblazoned sun to make out whether it was a rising or a setting sun. Today as I sit here, I am wondering whether, in the completion of our task, our's is a rising or a setting sun nationally." I come to ask that same question today.

"1. Is our's a rising or a setting sun? In this crisis that we are facing surely we need to ask this question with much seriousness. Some one has said, that a crisis is "the combination of a great opportunity, with a great responsibility, in the same hour that a glorious success or an appalling failure confront each other." According to this definition our country is in a crisis.

"I think of Washington with his hungry and ragged soldiers at Valley Forge fighting for the very existence of the Colonies. But their very poverty drove them to a realizing sense of their need of being free, and fired their souls with patriotism and heroic self-sacrifice.

"I think of Lee and Jackson, those intrepid leaders of the Southern Cause. How in their deep poverty and suffering, those heroic soldiers, followed their matchless generals to deathless victory.

"But today thirst for gold and abandon to pleasure which is emasculating our nation, and the disregard for constituted authority, are like an awful doom impending our national life! My heart cries out: "Is our's a rising or a setting sun?"

"2. In view of these unsettled conditions and lack of great and strong leadership, how are the disintegrating forces to be overcome? Is there any remedy? I answer yes! "Blessed is the nation whose God is the Lord." If the christian forces shall bravely step forth, they can save the day. That the forces of righteousness are coming forth is evidenced in the recent sweeping decision by the supreme court. Here are some high lights in history. War-time prohibition passed November 1918; enforced July, 1919, until peace should be declared. R uled constitutional December 15, 1919. Eighteenth amendment submitted by Congress to the states for ratification December 8, 1917. Nebraska, Wyoming and Missouri completed the required number of States for ratification January 16, 1919. Went into effect January 16, 1920; declared constitutional by supreme court June 7, 1920. These are only some of the things done in recent years that lead us to believe that our's is a rising sun."

CHEMICAL AND PROTECTION COMPANIES' JOINT MEETING

The members of Chemical Company No. 2 and Protection Engine Company No. 1 held a joint meeting last night at the fire station. The meeting was called to order by President O. E. Saunders and the minutes of both companies were read and approved. The purchasing committee to buy rubber coats, hats and smoke helmets reported that they had been received and distributed between the two companies. The delegates that attended the state Firemen's convention, Messrs. Jeff Cole, Tommie Jenkins and Fire Chief C. E. Jenkins rendered written reports of the convention which was highly appreciated by the members present. The story by Fire Chief Jenkins about how Mr. Cole tried to capture one of the cups for Protection Engine Company No. 1 and failed was received with much applause. After much discussion of matters pertaining to the welfare of the department in general ,the meeting adjourned.

TWENTY-FIVE YEARS AGO

The Houston Post of June 12, 1895, "Twenty Five Years Ago" says: "Bryan—The following young ladies who have been away at school this year have returned this week: Miss McKenzie, Hamilton College, Lexington, Ky.; Misses Norrell and Coulter, North Texas Female College, Sherman; Miss Parker, St. Mary's, Dallas; Miss Worley, Baylor University, Waco."

TEXAS FARM LANDS ARE LYING IDLE OF PRODUCTION

Fort Worth, Texas, June 16.—One-fourth of the farm lands of Tarrant county, ordinarily under cultivation, so far have not been planted to any crop this year, according to H. M. Means, county agricultural agent.

Means advises that as much of this vacant land as is suited to the cultivation of peanuts be planted to that crop now, rather than to cotton, owing to the danger of late cotton being damaged by boll worms. The county agent thinks that most of this land will be planted to one crop or another. The oat crop is light and will be ready to harvest within a few days. Means advises that as soon as this crop is out of the way, the land be disked and planted to a grain sorghum crop—feteria, red top, cane and the like.

In this connection, he calls attention to a new crop, called darso, which has been successfully cultivated for the past five years near Crowley, in this county. For this part of Texas it seems to have the advantages without the great disadvantages of kaffir corn and milo maize. These crops, which do fine farther west are ruined here about three times out of four by the "blast." In the the five years that darso has been raised at Crowley, it has not suffered from this pest. The last crop threshed fifty bushels to the acre. Means has some of the heads at his office, resembling kaffir.

While this crop was making fifty bushels to the acre, other grain sorghum in the same neighborhood were nearly 100 per cent failures, Means says. On account of the prevailing high prices of feed, the county agent considers it highly important that farmers should produce feed crops to the limit this year. Tarrant county should not have to buy roughage at any time, Means says, for it can be produced every year in sufficient quantities.

Means reports that the farmers of the county are getting their crops cleaned out rapidly. There is generally a fair stand of corn. Cotton is rather backward.

Fort Worth, Texas, June 16—Some of the practical things women can do to help counteract the decrease in the production of food products were given by Mrs. Maggie Barry at the meeting of the City Federation of Women's Clubs Thursday morning at the First Christian church. "It is almost a crime to have servants to do anything you can do yourselves. Send your servants to the farm.

"The greatest need of the farmer today is schools. There were 70,000 rural children out of school last year. Women must work for the educational amendment so that rural districts may raise their taxes to provide adequate salaries for rural school teachers.

"Establish county federations and rural life clubs. Line up with the states relations work that is carried on by the Department of Agriculture.

"For a long time we women have had a sentimental relationship with the rural women and children. We have spoken of them as "the poor women and children in the back woods.' Today it is to these women and children that we must turn as the only source of food.

"The wheat acreage is 73 per cent less this year than last. The estimate of the Agricultural Department puts the shortage at 33 per cent. Labor shortage is 28 per cent less than last year. In 1890 the farmer was required to produce enough for his own family of non-producers. Today the farmer must feed his own and three and onehalf non- producing families."

THE OLD TRESTLE BRIDGE IS DANGEROUS

Mr. John Murray, living near Iola, was here trading Tuesday and called on the Eagle. Mr. Murray says he came near having a serious accident by driving on the old Trestle Bridge over the Navasota river and found the second span of the bridge practically gone and he narrowly escaped going down with his horse and buggy. The bridge is in a dangerous condition.

MARRIAGE LICENSES

Below are the marriage licenses issued for Brazos County by County Clerk H. O. Ferguson for the past week:

Milton Scott and Annit Johnson.

G. D. Cameron and Lucinda Mason.

J. Monroe Riley and Eula May Carroll

Richard Clemons and Mattie Thurman.

Dionicio Jaurez and Micalea Garza.

Lewis Chocker and Evada Phamlan.

George Phillips and Alice Hall.

Virgil Smith and Ruby Roy Elliott.

Victoriano Garzo and Con Cepcina Garcia.

DISTRICT COURT

(Judge W. C. Davis, Presiding)

Tony Scarpanotti, unlawfully voting. Dismissed by county attorney upon written motion.

Peter Niliazzo, permitting unlawful voting. Dismisstd.

Sam Hall forgery,. Dismissed .

Clarence Silliman, forgery (4 cases) Dismissed.

J. S. R. Hill vs. I. S. Rice, T. T. T. and damaged. After case went to trial by the jury the case was settled by an agreement and jury dismissed.

NOTICE

The old "Fourth of July" picnic of Edge will be held on the 7th of July this year. This annual occasion is known as the Cedar Creek picnic. Everybody is invited to come and bring well filled baskets. We are expecting this to be one of the largest picnics ever held here. There will be plenty of good speaking as this is election year. Plenty of ice water. Come. Jesse Wilson, Rube McDonald, Luther Boyd, C .B. Moore ,Committee.

"Flowers For the Living"

Must Make the Sacrifice.

Democrats of Brazos county have nominated Lee J. Rountree, editor of the Bryan Eagle, for State representative. Editor Rountree was not a candidate for the office but will accept. He is former president of the National Editorial Association and has been identified with the press of Texas for 30 years. —Fort Worth Record.

The democrats of the Brazos county district "drafted him," although he is a new citizen of the county. They couldn't have drafted a better man. He has had legislative experience, which is a valuable asset, he has an intelligent conception of the needs of the State, he is clean and able, and is of the type the public service so greatly needs. In responding to the call of the people of Brazos county, Rountree has to make personal sacrifices, for there is no money in the job of representative, and there has always been good money in the newspaper job for Rountree, the proof being that every newspaper he ever acquired in Texas, and he has had three or four, he made successful by his fine management and sound editorial quality. But we must get to the point in Texas where good men will be willing to make such sacrifices, for in no other way can we have legislatures that will enact salutary laws and keep Texas abreast of the age in which we live.—Houston Post.

• • •

Another Candidate Is Drafted

Down at Bryan a few days ago, the leading citizens of Brazos county met and drafted Lee J. Rountree in his absence from the county to make the race for representative of Brazos and Grimes counties in the coming election. Other candidate, but his friends say he will be his name will appear on the official ballot, although Mr. Rountree was in no way a candidate. He formerly lived in Hopkins county and has many friends here. Mr. Rountree and J. M. Melson of Hopkins county are in the same boat, as Mr. Melson also insists he is not a candidate, but his friends ay he will be nominated any way aa they placed his name on the ticket from Hopkins and Franklin counties. Mr. Melson was formerly county attorney and a member of the legislature. Lee Rountree and McCulloch Melson will each grace the halls of the Legislature and honor their respective counties should they be elected.—J. S. Bagwell in Hopkins County Echo.

• • •

Office Seeks the Man.

We note from the Bryan papers, that our friend, Lee J. Rountree is asked to represent the people of Brazos and Grimes counties in the State Legislature. In all Texas there is no one better fitted to represent Texas and Texans than Lee Rountree, and we congratulate the Brazos folks on their good sense and good judgment. Lee was born in Hays county and has always stood for the best interests of our section and we will have a true friend in the Texas legislature and one we can rely on in every emergency.—J. A. Montgomery in San Marcos Daily Times.

• • •

There's Room For Him.

From Bryan, Texas, comes the news that citizens of that section have called upon Lee J. Rountree, editor of the Bryan Daily Eagle, to represent his district in the Texas legislature.

Lee Rountree didn't ask for the office and if he had considered only himself he never would have consented to submit his name to the voters. But he knows men of his calibre are needed at Austin and when an imperative demand was made upon him he consented to make the race. We don't believe he has any opposition, and he ought not to, and probably will be elected in any event.

News of this kind is good news. It is of interest outside the district Lee Rountree will represent. (But, for that matter, he won't just represent a district. When a man of Rountree's ability is elected to the legislature or to congress, he doesn't just represent his district. He represents the best thought of his state and his country.) That's why this paper takes it upon itself to comment favorably upon the announcement that Rountree probably will be a member of the next Texas legislature.

It would be a great thing for Texas if every district in the state would follow the example of the Bryan district and pick out some good man and insist that he serve a term in the legislature. Texas has some big problems. These problems never will be solved so long as we send to the legislature only such men as are attracted by the underpay legislators receive or by the glamor of holding public office.

If Texas would pay more attention to the election of her legislators and less to the election of some of her county officers, this state wouldn't be a great deal the worse for the change.—Waco News-Tribune.

• • •

Representative of All Texas.

Editor Lee J. Rountree, of the Bryan Eagle has been nominated for the legislature from Brazos and Grimes county by the people at Bryan and was not a candidate. Texas needs more such men in the legislature. Editor Rountree has been our guest and in Lee Titus county will have a friend worth while. Lee Rountree will be a representative of all Texas at Austin although he lives in Brazos county.—J. E. Masters in Mt. Pleasant Hustler.

• • •

Editor Rountree Is Selected.

Editor Lee J. Rountree, of the Bryan Eagle, was unanimously nominaed for the legislature at a mass meeting of the citizens of Brazos county, all other candidates withdrawing from the race in Mr. Rountree's favor. He was not a candidate for office when nominated and was out of the county at the time of the nomination; he was drafted into the service of his state. He filed his application for a place on the ticket Monday, with Hon. S. W. Dean, of Grimes county who is representative chairman of Brazos and Grimes counties, as that was the last day for filing under the law.

Mr. Rountree was chief clerk of the Texas legislature of the 25th, 26th and 27th sessions; was a member of the State democratic executive committee in 1896; presidential elector in 1908, and secretary of the State democratic conventions in 1892, 1894, and 1896. He has received appointments to different posts by Governor Hogg, Governor Culberson, Governor Campbell and Governor Hobby, and served as Food Administration under Herbert C. Hoover, and Loyalty Ranger of Texas during the war under Governor Hobby. Mr. Rountree is at present managing editor of the Bryan Eagle and Weekly Eagle, the only newspapers in Brazos county, and is well know in the profession, having been elected president of the National Editorial Association in San Francisco in 1915 and president in New York in 1916. He is a member of the executive committee of the Texas Press Association now in session in Houston. For thirty years he has been engaged in the newspaper, farming and banking business in Texas and has traveled extensively throughout the world. He was elected president of the Southwest Texas Press Association in Corpus Christi in 1899 and has many warm friends in this section of Texas.—Representative W. E. Pope in Corpus Christi Daily Times.

• • •

Endorses the Bryan Plan.

Lee Rountree, formerly of Georgetown, but now of Bryan, has been drafted by the people of his district to run for the legislature. He didn't aspire to the office and we don't think that he wanted it. But those folks decided that he would make good and they are going to send him anyway. Well, the office ought to seek the man; we would get better laws if the people would hold a mass meeting as they did down at Bryan and chose a man to represent them. It is a very good idea and Lee's old friends up in Bell county this section congratulate him on the popularity that he is winning in his new home.—R. C. Gresnam in Temple Mirror.

THE A. & M. COLLEGE RANKS HIGH IN U. S.

(By Associated Press)

Washington, June 15.—The 20 colleges listed in the distinguished class for general excellence of military instruction include the A. & M. college of Texas, was an announcement Monday by the war department said.

Annual inspection of leading colleges and schools of the country which conduct reserve officers training units show that the grade of military instruction is "decidedly more thorough and of higher quality than ever before in the history of our country," the announcement stated.

Personal Mention

(From Saturday's Daily)

Miss Burnell Tatum has returned from a visit to Galveston.

J. K. Pressnal was in the city today from Tabor.

Mr. and Mrs. Will S. Howell are in Houston for a week-end visit with friends.

Mrs. and Mrs. J. L. Atkins have gone to Houston for a visit to relatives.

Mrs. Walter Davis has returned to her home in Houston after a pleasant visit to relatives in this city.

Mrs. Laura Koppe has returned to Houston after visiting relatives and looking after her father's interests here.

L. S. Williams of Coleview was among the visitors in the city today.

Capt. W. A. McKinney was in town today from his home at Wheelock.

D. B. Lloyd of Reliance was in the city today.

Hardy Weeden and Victor Andrews were here today from Harvey.

John Dyess of Harvey was in the city today.

I. J. Holligan and son Luther Holligan were in the city today from Holligan Chapel.

George Long has returned from a trip over the state in the interest of the extension department of the A. & M. College.

R. A. Harrison has returned from a two-weeks hunting and fishing trip on the West ranch near Uvalde.

Henry Koonty was in the city today from his home in the north end of the county.

Mrs. T. J. Gray will return to her home in San Antonio tomorrow, after an extended visit with relatives in Bryan.

Mrs. R. B. Elliott and Miss Aline Elliott went to Tabor today to spend a week on a visit with Mrs. Charley Locke and family.

Mrs. A. McMordie departed today for her home in Calvert, after a pleasant visit with her niece, Mrs. Jas. M. Dunn in this city.

Mrs. Paul M. Raysor was hostess this afternoon at 4:30 o'clock to the members of the local D. A. R.

Women's low cut Shoes, French Heels, at 20 per cent discount, at Eugene Edge's "On the corner." (288)

Mr. and Mrs. D. B. Cofer and little daughter of College ,are in Bryan for the summer months, with Mrs. Cofer's parents, Prof. and Mrs. John H. Allen.

In the mention in the Eagle Friday afternoon of the receipt of a cablegram from W. J. Coulter, it was state the mesage was to J. Tom Smith, when it should have been, to Mrs J. W. Coulter.

Miss Elizabeth Howell, of the Rogers Producing Company of St. Louis, who so successfully directed the pres

C. L. Beason has returned from Mexia, Hearne, Longview, Timpson and other points.

Miss Pansy Conlee has returned from Huntsville where she attended the Sam Houston Normal the past session.

Little Miss Kathleen Bullard is visiting her little friends Maurine and Elton Smith and Louise Kellett of Madisonville.

entation of "Katcha-Koo" in this city, went to Navasota Thursday to investigate the possibility of putting on the performance there. She was very successful and has arranged to begin practice at once, the performance to be given in Navasota for the benefit of the Civic League.

Mrs. John A. Held went by noon train, to be with her daughter, Miss Emily Held, at Baylor University, Waco, who will graduate from that institution, Wednesday, June 16. Dr. Held will join them in Waco, on Monday.

Mrs. W. A. Eidson and Miss Laura Eidson, of Wellborn, were here Saturday and called on the Eagle.

Davis Cole departed last night for Durant, Oklahoma, after a visit with relatives in Bryan. Mr. Cole has a position with the Highway Engineering corps, in the construction of good roads through Oklahoma.

Miss Louise Cline will arrive tomorrow to spend the vacation days with her parents, Dr. and Mrs. W. B. Cline. Mis Louise has been in Palestine since the closing of the State University, visiting her college friend, Miss Mildred Morris.

Secretary S. E. Eberstadt, of the Bryan and Brazos County Chamber of Commerce and Mr. and Mrs. Lee J. Rountree attended the Tabor Welfare Club meting Friday evening and were given a cordial welcome and report a splendid meting in that great community. Preparations are being made for another community fair which promises to eclipse any former efforts. The Eagle will have more to say regarding the proposed fair in the near future.

Henry Benbow and Henry Gandy were in the city today from the Harris school community.

Charles, Albert and Johnnie Payne were in the city today from Edge.

John I. Wilson of near College was in town today.

Cordie Francis was in today from Cottonwood.

Morgan Closs of Steep Hollow was in town today and stated to the Eagle that his crop was looking fine. His corn is in ful' silk and with one more rain it would be fine. His corn is not yet suffering but the sooner the rain comes the better. Cotton he said was beginning to bloom and there was some sign of boll weevil, but nothing serious as yet.

Mrs. A. B. Carr is in Houston for a visit with her sisters, Mrs. S. J. Bain and Mrs. P. S. Tilson.

W. E. Graham of Rock Prairie was looking after business matters in the city today.

P. A. Reed, a well known citizen of Hearne was in Bryan Friday afternoon.

(From Monday's Daily)

George Pletzer spent Sunday in Galveston.

H. Litt and two little boys went to Houston Sunday afternoon.

Ed Carll was in the city today from his home near Wellborn.

Prof. A. B. Ford of Millican spent the week-end in Bryan.

Chester Higgs, who is attending Toby's business college in Waco, spent the week-end at his home in this city.

W. E. Neeley has gone to Cuero to attend district court now in session in that city.

I. M. Cook of Steep Hollow was a pleasant caller at the Eagle office while in the city this morning. Mr. Cook says he has a fine crop and will make plenty of corn if he can get one more good rain. Cotton, potatoes, etc. are looking fine also.

E. F. Fountain, Jr., spent Sunday with his parents in this city.

Edgar Bulock and Parker Carroll visited in Wellborn Sunday afternoon.
